

# COMPANY PROFILE

GS Construction Arabia Co. Ltd.

GS Construction Middle East L.L.C.

FGS East Asia Technical Resource Management, Inc.

GS Plant Construction Supervision Group is part of GS Engineering & Construction Corp. (GS E&C), a global EPC contractor engaged mainly in engineering, procurement, and construction of large scale projects with vast experience in refineries, gas and petrochemical facilities.

Our group consists of three representatives GS Construction Arabia Co., Ltd. (GSCA) in Kingdom of Saudi Arabia, GS Construction Middle East L.L.C. (GSCME) in UAE and FGS East Asia Technical Resource Management, Inc., (FGS) in Philippines.

Despite challenges in international markets, GS Plant Construction Supervision Group has continually worked toward being a trusted Sustainable Global Company in the eyes of our customers, shareholders, and society.

Our main objective is sustainable growth and on this basis we are continually working to achieve profitability in our current key businesses while strategically fostering our next growth businesses with the aim of becoming a Global Top Tier construction company.

To this effect, we will further strengthen our expertise in our core businesses and nurture our human resources with the aim of developing GS Plant Construction Supervision Group into a more robust company.

I would like to thank you for the kind interest you have shown to our group and vow to work toward a sustainable and trustworthy Global GS Plant Construction Supervision Group

Thank you.

Kim, Dong-wook  
Senior Vice President  
GS Plant Construction Supervision Group

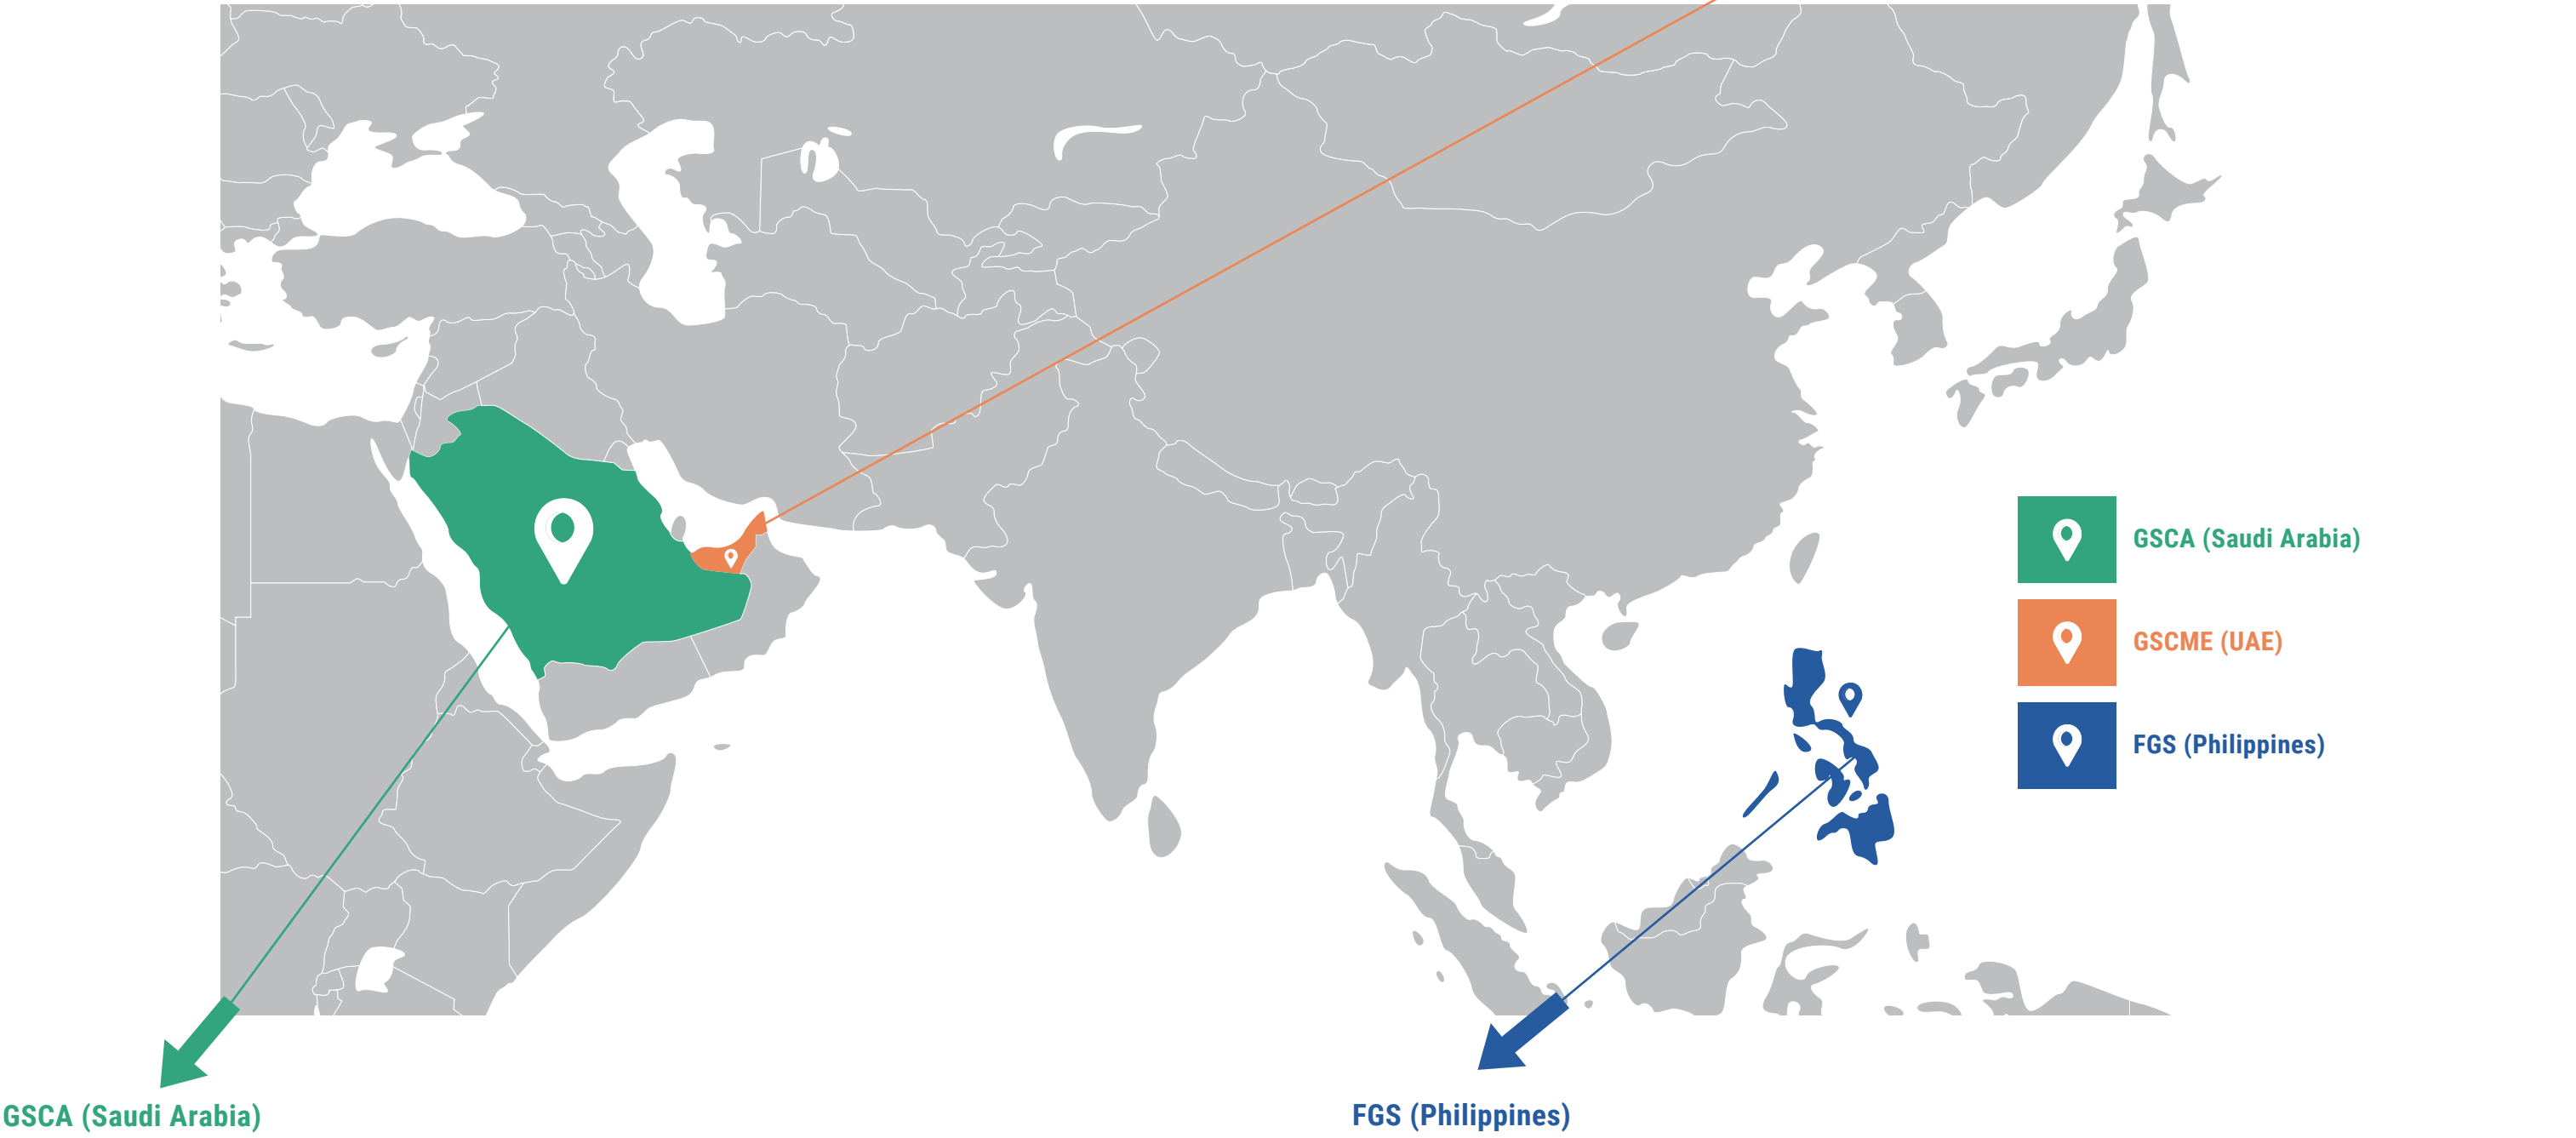

“On behalf of the entire GS Plant Construction Supervision Group, I would like to express my deepest gratitude to you all for your continued interest, and unwavering support.”

GS Plant Construction Supervision Group

GS Plant Construction Supervision Group aims to make a long term growing presence in all sectors of the MENA region's industrial service market by offering high degree of flexibility on a wide range of services to suit client requirements.

GSCME (UAE)

GS Construction Middle East (GSCME) was established in April, 2018 as an Oil and Gas construction company in GS Plant Construction Group which is a leading Construction Company Group in UAE region having impressive track record of delivering various projects all across the world especially in oil & gas process industry.

GS Construction Arabia Co.,Ltd. (GSCA) was established in 1983, has executed many projects as major contractor for construction, turnaround business with Saudi Aramco and other major oil & gas industry clients in Kingdom of Saudi Arabia.

FGS East Asia Technical Resource Management Inc., (FGS) established in 2016, is a POEA licensed manpower recruitment agency serving to recruit and deploy Filipino personnel to various clients in the Construction Sector for Oil and Gas, Petro- chemical, Refinery, Power Plant Industries, and other project requirements.

## Vision

Optimal service provider  
for client's various needs.

## Mission

Provide the optimized cost & schedule with  
customized technology through diverse experience.

- › CCTV, PAGA, Lighting

Scaffolding

Scaffolding installation & dismantling

- › Experienced supervisors and certified scaffolders

Scaffolding Technical Support

- › STAAD analysis
- › SMART scaffold

Restoration / Demolition

- › Detailed Damage Assessment (DDA)
- › Demolition of Damaged Items after DDA
- › Repair and Installation of New Item

02

## Plant Turnaround and Inspection

We provide total turnaround solutions from planning to close out and boast of a highly experienced & capable core team to handle various kinds of maintenance works, unit shut-downs & total complex turnarounds of downstream facilities:

- › Turnaround / Maintenance planning
- › De-Bottlenecking
- › Columns, tray replacement
- › Piping & valve replacement
- › Exchanger maintenance/re-tubing
- › Rotating equipment maintenance
- › Chemical cleaning
- › Decontamination
- › Tank cleaning
- › Bundle extraction
- › Catalyst handling

03

## Plant Operation and Maintenance

We provide a full range of specialized operation & maintenance services to the oil, gas and petrochemical industries:

- › Operation & Maintenance planning
- › Plant operation & optimization service
- › Training
- › Localization service for plant operation
- › Emergency response system

04

## Equipment Rental

We supply all types of equipment such as:

- › Crawler Cranes
- › Mobile Cranes
- › Forklifts
- › Power Generators
- › Air Compressors
- › Bundle Pullers
- › Hydro-jetting pumps
- › Welding Generators
- › Welding Rectifiers
- › Boom Trucks
- › Hydraulic Crane
- › Man lift
- › Modular Transporter / Trailer
- › Tractor

05 Shop Fabrication

Fabrication & Maintenance Shop (FMS) – Dammam, KSA

GSCA has a 10,000m2 yard and workshop designated for its Fabrication Shop (piping spool, steel structure) and Construction Equipment Maintenance which is located in Dammam Industrial Area. Additionally, GSCA has an expansion plan for the shop early of this year; and with an approximately 100 employees to be assigned in the area:

- › Module Fabrication (small size)
- › Construction Equipment Storage and Maintenance
- › Fabrication (piping, equipment, steel structure)
- › Painting / Blasting shop operation
- › Training Center for Safety and others
- › Purchasing Low Material and Consumables in IK

05 Shop Fabrication

Central Maintenance Shop (CMS) – Abu Dhabi, UAE

GSCME has a vast capability in shop fabrication of carbon steel, stainless steel, duplex – super duplex stainless steel and other exotic alloy piping materials. It is consist of a 14,400m2 Maintenance Shop and another 2,700m2 specifically dedicated as a Central Warehouse located strategically in Al Markaz Industrial Estate:

- › Piping shop is capable of handling 96,000 dia. in piping per Annum
- › Painting and blasting yard’s volume capacity is 91,200m2 per Annum
- › Insulation shop is able carry-out a yearly capacity of 24,000nos
- › Heavy Repairs & Maintenance Involving Removal of MUAs
- › Engine Overhauling
- › Electrical Repairs
- › Denting, Painting & Blasting
- › Hydraulic System Repairs
- › Welding & Machining
- › Transmission Repairs

06

Manpower Supply

We supply manpower through FGS East Asia Technical Resource Management INC. (FGS), assuring delivery of highly-qualified manpower and providing the following allied services:

- › Trade test and competency certification
- › Visa processing / Stamping
- › POEA documentation compliance
- › Project Management including Technical Support
- › HR, Administration, Accounting, Logistics Supports, and Payroll Assistance
- › Mobilization and demobilization monitoring
